

## **Mechanic II – Senior Electromechanical Equipment Mechanic**

Pay Band: \$26 – \$34 per hour

### **Job Summary**

Take ownership of repairs and grow your technical expertise. As a Mechanic II, you'll independently repair electromechanical equipment while continuing to sharpen troubleshooting and diagnostic skills.

### **Experience & Qualifications**

High school diploma required. 2–5+ years of industrial electromechanical repair experience or equivalent combination of education and experience.

### **What You'll Do**

- Independently disassemble, inspect, repair, and reassemble motors, pumps, blowers, and gearboxes
- Diagnose common mechanical and electrical issues using AC and DC test methods
- Replace bearings, brushes, seals, leads, impellers, fans, brakes, and clutches
- Measure components and identify proper replacement parts
- Operate repair and testing equipment safely and effectively
- Complete job documentation accurately and on time
- Assist in training and mentoring junior mechanics
- Maintain strong safety, quality, and housekeeping standards

### **Equipment You'll Work On**

AC Motors, DC Motors, Blowers, Pumps (submersible, split-case, close-coupled), and Gearboxes.
